

Let's Make All of Our Medians Beautiful!

Carolina Forest Middle of the Road was established to beautify and maintain the medians along the six mile stretch of Carolina Forest Boulevard.

"The medians look great!" "The plantings are beautiful" "Love seeing the Palm trees, Crepe Myrtles, and other attractive plantings as I enter my community!" "Thank you so much for your work on the medians." These are just a few of the many positive comments made by residents that reside along Carolina Forest Boulevard.

Everyone is impressed with how well we have maintained the medians near Plantation Lakes and Waterbridge. Residents of other communities are now requesting our help to adopt and beautify the medians near their communities.

In fact, Carolina Forest Middle of the Road is currently in the process of adopting and beautifying four additional medians near Brighton lakes, Walkers Woods, Sawgrass East, and Indigo Bay.

Once adopted, each median becomes our total responsibility to maintain. We need to mow, trim, fertilize, weed, and mulch on a regular basis.

It is our sincere hope that you agree that we have significantly improved the aesthetics of our community, thereby enhancing the values of our homes.

The maintenance of these medians can only be funded through your generosity!

Since POA's are not permitted to use your maintenance fees or any part of their budget to support this project, we can only complete our mission if we have public support from all the communities along Carolina Forest Boulevard.

Since Carolina Forest Middle of the Road has been approved as a tax-exempt IRC 501(c)3 organization, your donations are tax deductible.
